

### KS3 – Year 7 History Long Term Map

#### **Subject Intent/ Aims:**

At St Philip Howard we want to foster a love of Humanities and reflect its importance on how it has and does shape our day to day lives. Pupils will be taught how History has changed our world and how Geography is shaping the future world. Humanities teaching will encourage pupils to think creatively, attempt to rationalize our past and to ask questions about our present world.

Pupils will learn how Humanities helps us to understand others through their languages, histories and cultures which will foster a growing awareness in our young people of the need for social justice and equality. Our teaching will encourage pupils to have enquiring empathetic minds that seek to make intellectual sense of the changing world.

Pupils will be able to approach their learning critically and logically with subjective, complex, imperfect information. They will weigh evidence skeptically and consider more than one side of every question.

As such in Humanities pupils will build skills in writing and critical thinking.

We will endeavor to develop informed and critical citizens of the future enriching learning within and outside of the

classroom. Success will ensure that pupils appreciate that without the Humanities, democracy cannot flourish and the

sustainability of our planet cannot be guaranteed.

Dyspraxia: Gradual teaching of smaller skills and components into larger skills. Allow extra time to complete tasks and ask pupils to repeat back instructions. Use of lined paper with margins. Only ask pupil to answer Qs if they volunteer. Extra support during task changes. Use of simple clear language. Use of laptop where necessary. Variety of teaching approaches e.g visual / auditory / kinesthetic. Visual reminders of expectations.

Autism: Break down steps / instructions and explain new tasks in advance where possible. Consistent tone and phrasing and use of symbols to assist communication. Differentiation through chunking and clear goals. Modelling of completed work. Time out and cooling off time if needed.

Dyscalculia: Differentiated work with chunks and repeated, clear instruction. Extra time to complete tasks. Time out if needed. Use of squared paper and calculator where appropriate.

ADHD: Use of fidget tools and chair stretches when needed. Time warning countdowns and brain breaks / time out cards. Clear behaviour expectations and use of praise / reward. Interruption slides to reengage during lessons and provide brain break. Visible instructions for all tasks, chunked and differentiated.
