

KS3 - Year 9 History Long Term Mapping

Subject Intent/ Aims:

At St Philip Howard we want to foster a love of Humanities and reflect its importance on how it has and does shape our day to day lives. Pupils will be taught how History has changed our world and how Geography is shaping the future world. Humanities teaching will encourage pupils to think creatively, attempt to rationalize our past and to ask questions about our present world.

Pupils will learn how Humanities helps us to understand others through their languages, histories and cultures which will foster a growing awareness in our young people of the need for social justice and equality. Our teaching will encourage pupils to have enquiring empathetic minds that seek to make intellectual sense of the changing world.

Pupils will be able to approach their learning critically and logically with subjective, complex, imperfect information. They will weigh evidence skeptically and consider more than one side of every question.

As such in Humanities pupils will build skills in writing and critical thinking.

We will endeayour to develop informed and critical citizens of the future enriching learning within and outside of the

classroom. Success will ensure that pupils appreciate that without the Humanities, democracy cannot flourish and the

sustainability of our planet cannot be guaranteed.

ADVENT- Key Concepts:

World War 2 Events including the Holocaust

LENT- Key Concepts:

Legacy of WW2 GB and the wider world

PENTECOST- Key Concepts:

The Cold War gets HOT - Vietnam

Key Question: Did the USA win the Vietnam War?

Assessment/s (Formative and Summative):

Key Vocab Tests
RRR / Knowledge tests
4 mark and 8 mark / 16 mark AQA Qs
End of Year Exams

Key Question: Did religion help or hinder medical progress during the Medieval Era?

Adapted Curriculum Content:

Primary focus on Knowledge and Understanding and narrative accounts.

How successful was GB during the early years of WW2? – Project / Research Task
The Blitz and first-hand accounts.
Why were the Jews persecuted during WW2?
The Holocaust – focus on survivor stories and rescue stories

Adapted Curriculum Content:

Primary focus on Knowledge and Understanding and narrative accounts.

How did WW2 end?
The dropping of the A Bombs – research / project
task
What was the legacy of WW2?
Why did the allies fall out after WW2?

Adapted Curriculum Content:

Primary focus on Knowledge and Understanding and narrative accounts.

The Vietnam War – causes and key events.

Did the USA lose the war? Research task on My Lai and protest against the war.

Significant individuals and events of the 20th C – guided study

Adaptive Implementation Practices:

Well considered and regularly reviewed seating plans.

Dyspraxia: Gradual teaching of smaller skills and components into larger skills. Allow extra time to complete tasks and ask pupils to repeat back instructions. Use of lined paper with margins. Only ask pupil to answer Qs if they volunteer. Extra support during task changes. Use of simple clear language. Use of laptop where necessary. Variety of teaching approaches e.g visual / auditory / kinesthetic. Visual reminders of expectations.

Autism: Break down steps / instructions and explain new tasks in advance where possible. Consistent tone and phrasing and use of symbols to assist communication. Differentiation through chunking and clear goals. Modelling of completed work. Time out and cooling off time if needed.

Dyscalculia: Differentiated work with chunks and repeated, clear instruction. Extra time to complete tasks. Time out if needed. Use of squared paper and calculator where appropriate.

ADHD: Use of fidget tools and chair stretches when needed. Time warning countdowns and brain breaks / time out cards. Clear behaviour expectations and use of praise / reward. Interruption slides to reengage during lessons and provide brain break. Visible instructions for all tasks, chunked and differentiated.
