

Key Stage 3 READING LIST

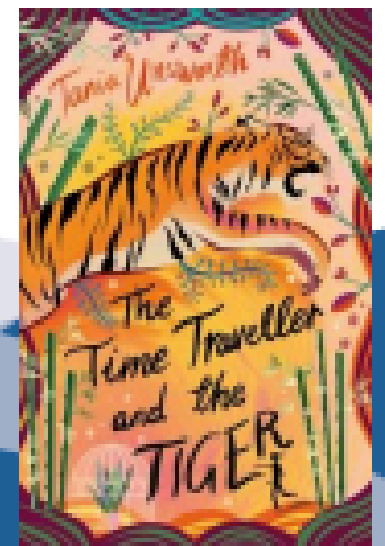

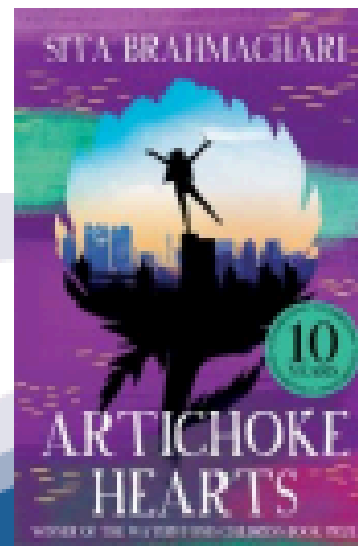

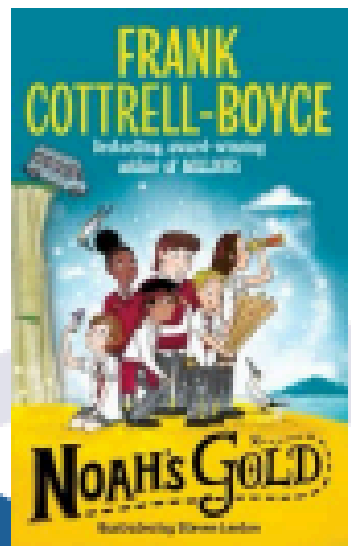

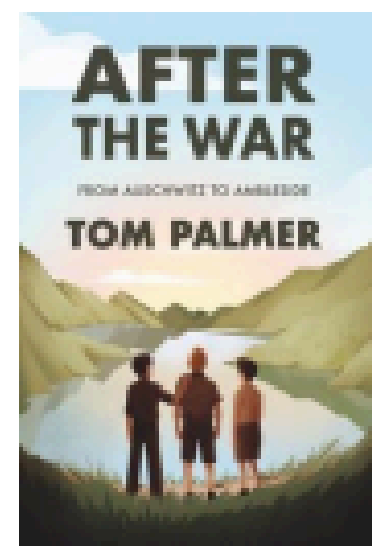

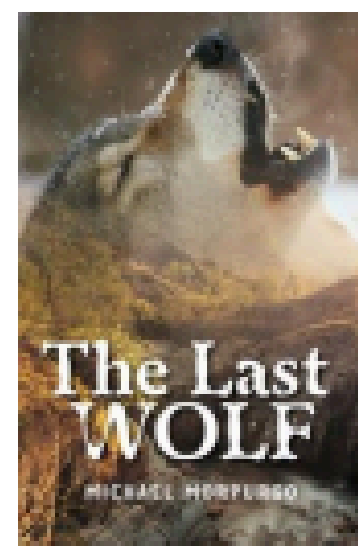

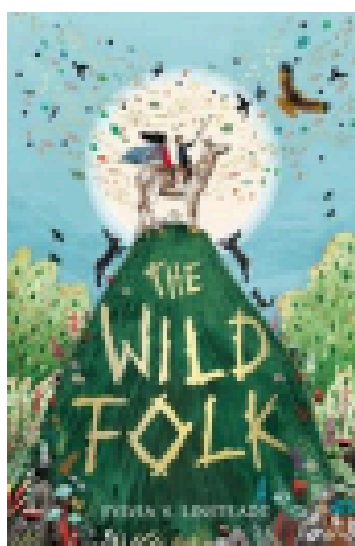

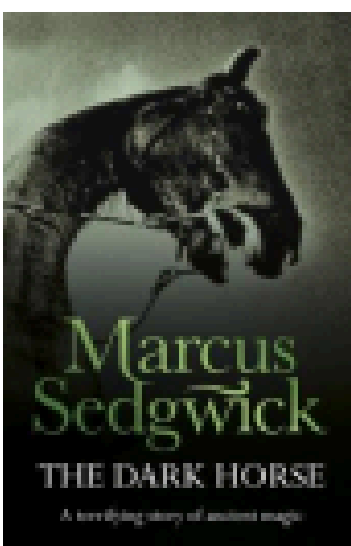

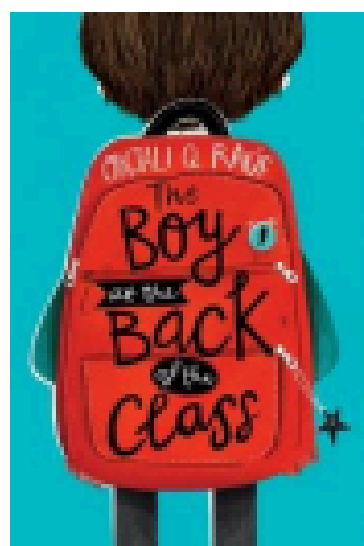

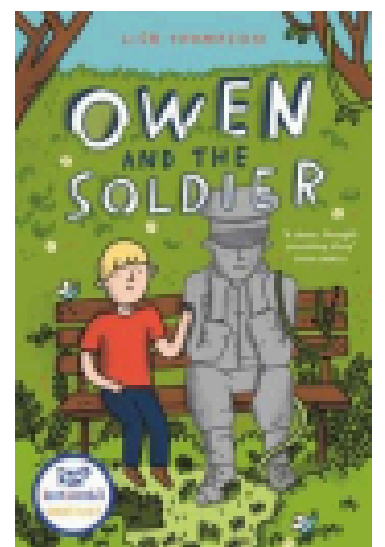

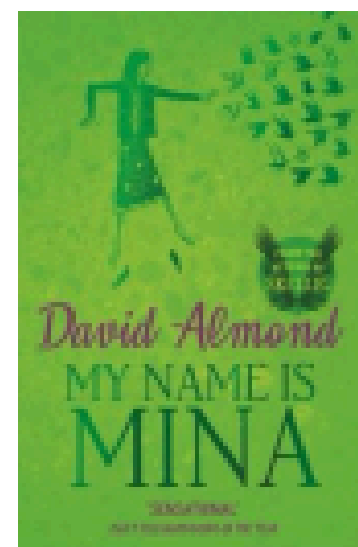

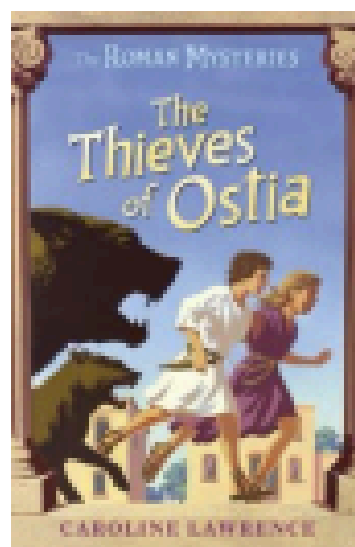

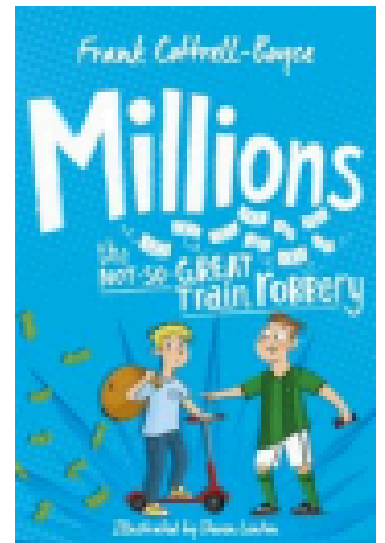

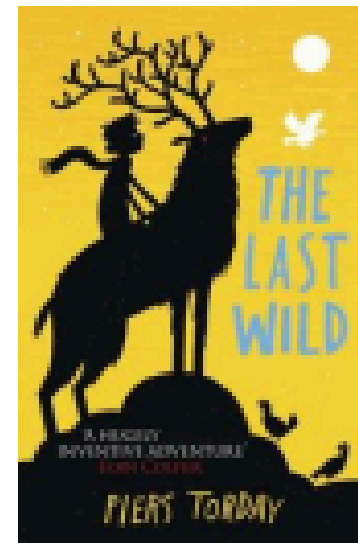

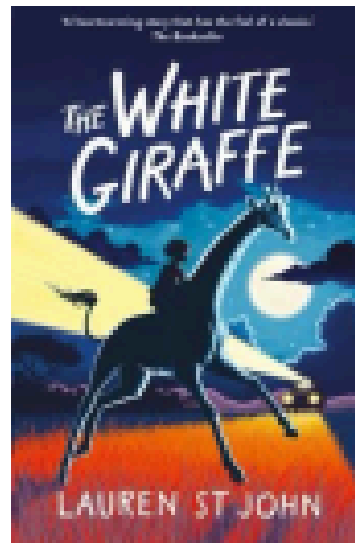

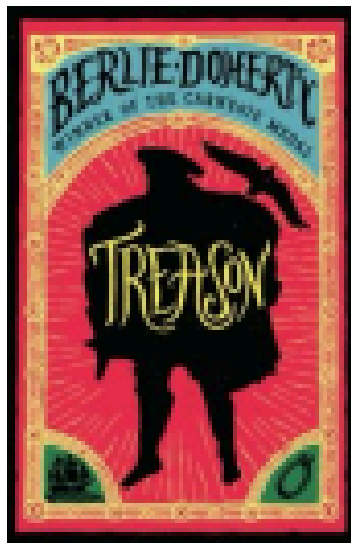

As your child moves into Year 7, reading plays a crucial role in their development. At this age, books help expand vocabulary, improve comprehension, and build critical thinking skills. Reading also fosters creativity, empathy, and a lifelong love of learning. Encouraging your child to read regularly will not only support their academic success but also provide a great source of entertainment and relaxation.

To help guide their reading journey, we have put together a recommended reading list with a mix of modern classic, ours and other worlds, Literary Heritage, non-fiction and Key Issues and Concepts.

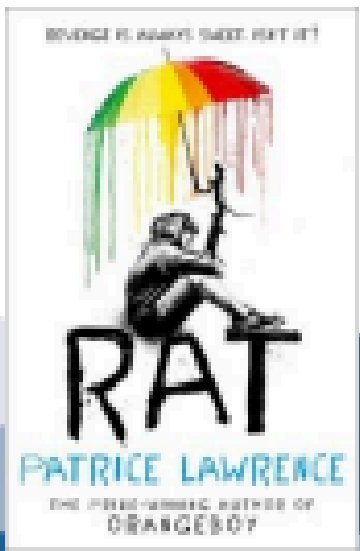

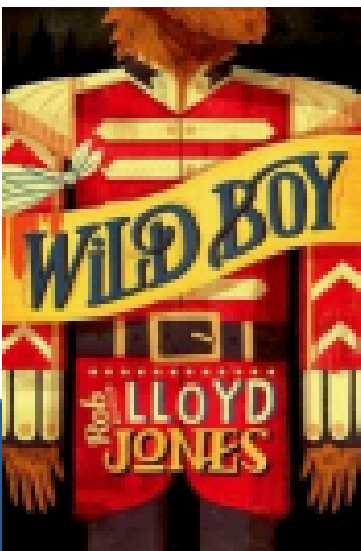

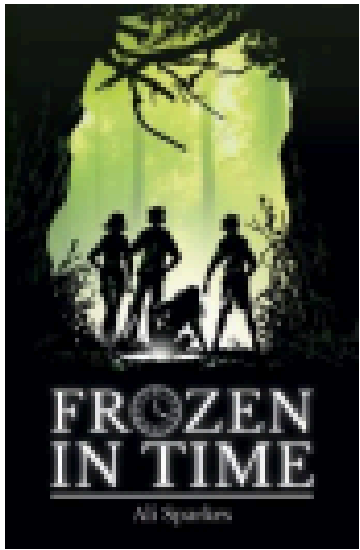

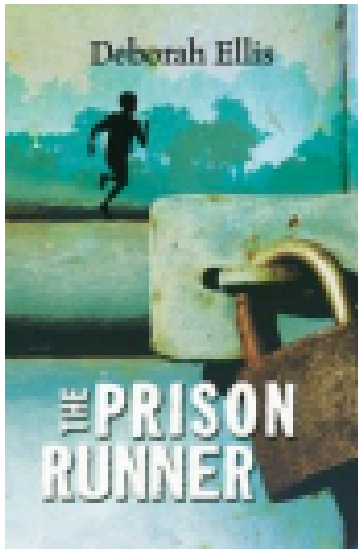

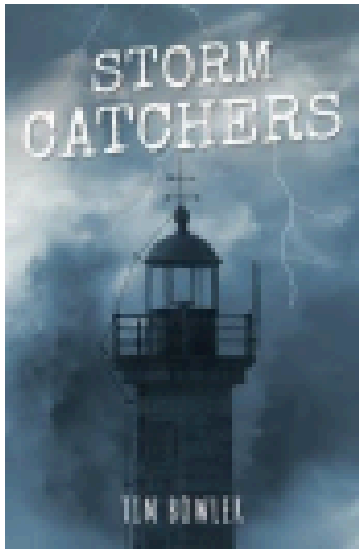

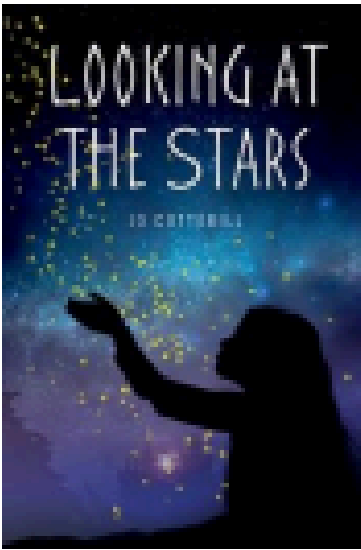

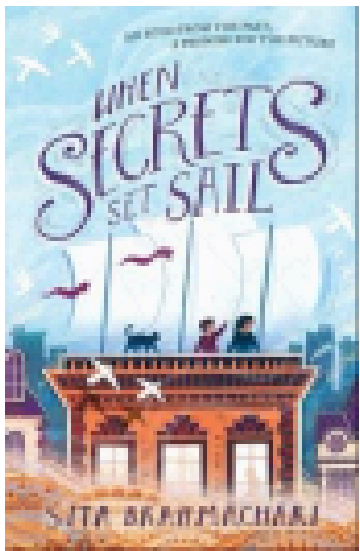

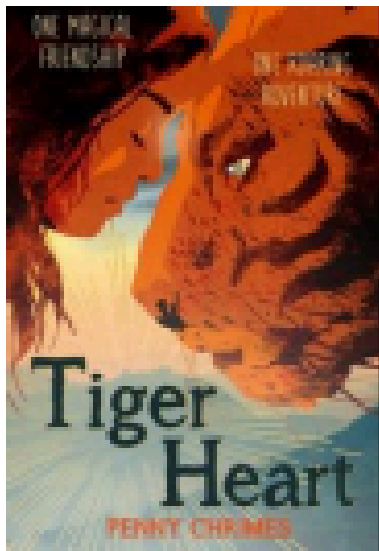

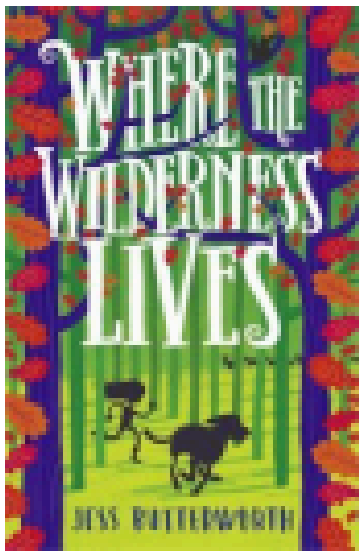

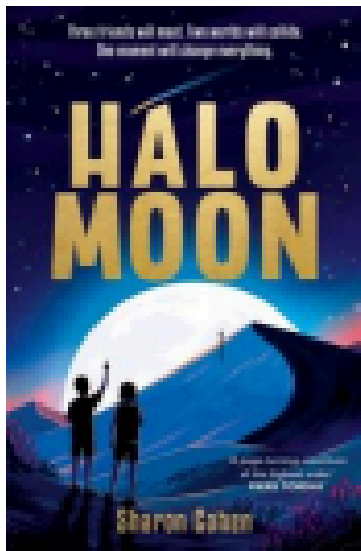

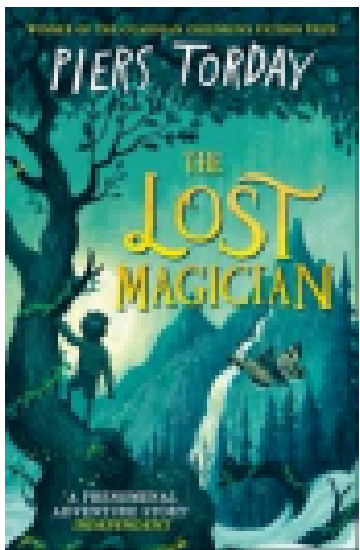

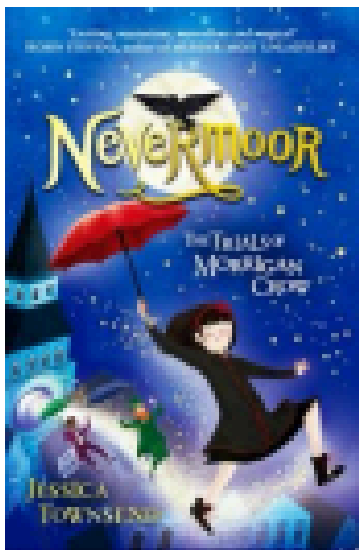

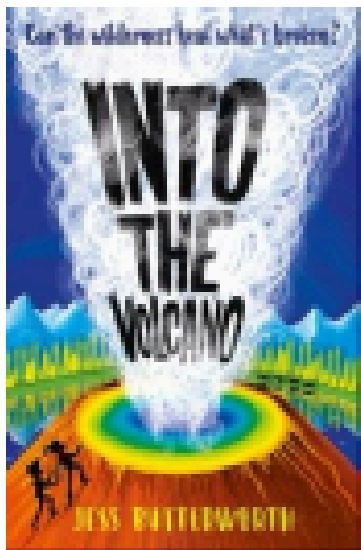

Encouraging your child to read for pleasure—whether it's fiction, nonfiction, comics, or magazines—will support their learning and personal growth. Let's inspire a love for reading together!
