

15th September 2026

Dear Parent/ Carer,

As you will be aware, your child has started studying their GCSE courses this academic year and all topics taught in lessons will be curriculum content for students' GCSE examinations in Year 11.

To enable you to offer vital support to your child throughout their KS4 journey, we have organised a **Key Stage 4 Parents' Information Evening**. This will be taking place on **Thursday 24th September from 4:30- 6:00pm**. The evening will be focused on Core Subjects (Maths, English, RS and Science), offering crucial information and support to further enhance your child's studies.

The evening will begin in the Hall with a brief overview of the 2-year Key Stage 4 journey, followed by sessions of approximately 20 minutes led by Heads of Department or subject specialists in each core subject. Information packs will also be provided for you to aid discussions with your child about content and revision at home, and any additional questions can be answered at the end of each session.

In the interim if you have any questions regarding any of the above, please contact your child's Form Tutor or Subject-specific Class Teacher in the first instance, followed by the Head of Year or myself, should you have any further concerns or queries. Thank you in advance for supporting your child in their studies and encouraging them to engage with the additional support we have on offer.

Yours sincerely,

Lisa Kernohan

Assistant Headteacher

Curriculum / Teaching and Learning Lead
